## Scheduling

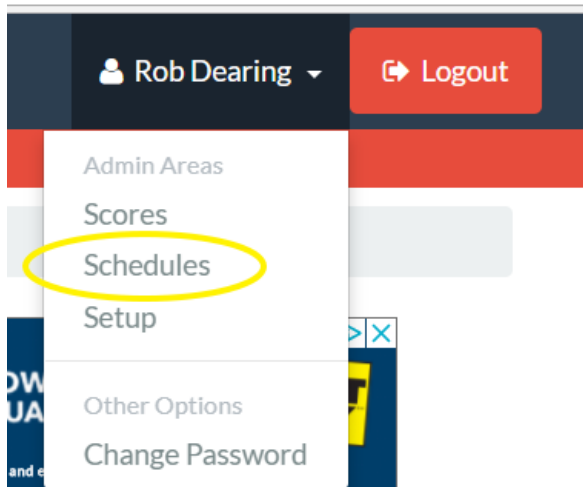

The Huron Perth Fastball League uses the TheOneDB ([www.theonedb.com](http://www.theonedb.com)) to set up the schedule and keep track of the standings. **NOTE: This is for regular season games only. Exhibition games are not entered here.**

**Tutorial:** Please use the following tutorial to step you through the scheduling process. This uses the previous design of the site. The concepts are still the same, it's just that the site looks different now than it did when the video was recorded:
